TECHNICAL SKILLS

LANGUAGES

Java C SQL Python JavaScript

WEB & FULLSTACK

HTML CSS Flask MERN Stack

AI & DATA SCIENCE

Deep Learning NLP Data Science

TOOLS & PLATFORMS

GitHub VS Code Figma ChatGPT

STRENGTHS

- Strong problem-solving mindset
- Consistent learner, growth mentality
- Adaptive to new technologies
- Good communication & teamwork

INTERESTS

- Software Development
- Artificial Intelligence
- Coding Challenges
- Real-world Problem Solving
- Technology Exploration
- Exercise & Physical Activities

Muthupandi K

Electronics & Communication Engineering · B.E. Student

PROFESSIONAL SUMMARY

Motivated Electronics and Communication Engineering student with strong interest in Software Development, Artificial Intelligence, and Full-Stack Development. Skilled in Java, SQL, C, HTML, CSS, GitHub, and AI fundamentals including Deep Learning, NLP, and Data Science. Experienced in building real-world academic and personal projects. Passionate about problem-solving, coding challenges, and continuous learning with strong communication and teamwork abilities.

PROJECTS

SwapPay – Smart Peer-to-Peer Money Exchange Platform [Web App]

- ▶ Developed a web-based platform to simplify peer-to-peer money exchange.
- ▶ Worked on frontend-backend integration and payment workflow concepts.
- ▶ Used modern web development practices and deployment tools.
- ▶ Improved understanding of API integration and real-time transaction handling.

The Campus Buddy – Smart Student–Staff Communication & Academic Management [Full-Stack]

- ▶ Developed a web-based platform to improve communication between students and staff.
- ▶ Included features for announcements, academic updates, attendance, and student queries.
- ▶ Gained practical exposure to full-stack development, database integration, and UI/UX design.

Line Following Robot [Embedded Systems]

- ▶ Developed an embedded systems project using sensors and control logic.
- ▶ Applied hardware-software integration concepts for autonomous movement.
- ▶ Strengthened practical understanding of electronics and real-time systems.

INTERNSHIPS & CERTIFICATIONS

Infosys Springboard – Virtual Internship [AI Domain]

- ▶ Completed training in Artificial Intelligence, Deep Learning, NLP, and Data Science.
- ▶ Gained foundational exposure to AI applications and machine learning workflows.

Jeevi Soft – Web Development Exposure [Frontend]

- ▶ Learned fundamentals of web development using HTML and CSS.
- ▶ Understood responsive design basics and frontend structure.

NoviTech – UI/UX Exposure [Design]

- ▶ Worked with Figma for UI/UX design concepts and interface prototyping.

ACHIEVEMENTS & PARTICIPATION

- ▶ Participated in CICADA'25 – 24-Hour National Level Hackathon conducted by KPRIET.
- ▶ Participated in National Level Technical Demo Day at SRM University.
- ▶ Smart India Hackathon (SIH) 2024 – Shortlisted at the college level.
- ▶ Smart India Hackathon (SIH) 2025 – Shortlisted at the college level.
- ▶ Actively practising coding and problem-solving on LeetCode.

EDUCATION

V.S.B Engineering College, Karur

B.E. – Electronics and Communication Engineering

2023 – 2027

CGPA: 8.22

Thirupathi Arulneri Hr. Sec. School, Kalimandayam

Higher Secondary Certificate (HSC)

2021 – 2023

81%

Thirupathi Arulneri Hr. Sec. School, Kalimandayam

Secondary School Leaving Certificate (SSLC)

2020 – 2021

Passed
